<p>Early Literacy Programs: Programs for babies, children, and parents that develop pre-reading skills</p>	<p>Story Time Explorers</p>	<p>This is a partnered program with EarlyON. Carleen from EarlyON brings a different craft and information and I contribute reading materials, information as well as additional craft supplies for the parents and children. We engage parents in making learning tools and keepsakes. This month we made Father's Day pictures. Three people attended one program.</p>

<p>Other Children's and Teens Programs</p>	<p>St. Edmunds Public School Visit</p>	<p>We listened to wildlife sounds and had to guess what animals made them. We also did a nature craft - writing our name with twigs, leaves and flowers. Ten children participated.</p>
	<p>Summer Reading</p>	<p>We had our Summer Reading Kick-Off as well as making a Storytelling Stick. Three people came to the kick-off and four children took part in the Storytelling Stick craft.</p>

<p>Total Circulation for June</p>	<p>922 items</p>
