Presentations from the Public

None.

Questions and Clarifications from Council

It was noted that there are a number of this type of application and Municipality should look at implications.

Council will consider the application at their regular meeting.

4.2 Applicant: King's Pearl Pub and Eatery

The Planner explained the report and recommendation. Any comments received from Agencies and the Public received by the time of writing the report are in the written report.

Presentation from the Applicant

None.

Presentations from the Public

Christopher and Donna McCoy noted concerns regarding the change in zoning, potential future use of the lands if zoned general commercial, impact on privacy, no fence along north side, lights, etc.

Questions and Clarifications from Council

Council members questioned where lands will be drained to, option of reducing number of parking spaces and construction of fence or planting trees to provide larger buffer for neighbouring lands. Planner indicated reducing number of parking spaces would mean that the restaurant would not have the recommended number.

Council will consider the application at their regular meeting.

4.3 Applicant: Pierson Motors Inc. c/o Mike Pierson

The Planner explained the report and recommendation. Any comments received from Agencies and the Public received by the time of writing the report are in the written report.

Presentation from the Applicant

Ron Davidson, representative for Mike Pierson, indicated highway commercial is best use of lands, access road will be along municipal road, severance application is with the County, lot of servicing work done, owner willing to sign agreement that he will connect to municipal services when available.

Presentations from the Public

None.

Questions and Clarifications from Council

It was questioned whether the lands for the personal storage facility should be zoned specifically so the entire area cannot be used for that purpose.

Applicant confirmed it is intended some units will be climate controlled.

Council will consider the application at their regular meeting.

4.4 Applicant: Ralph Haverkamp

The Planner explained the report and recommendation. Any comments received from Agencies and the Public received by the time of writing the report are in the written report.

Presentation from the Applicant

In addition, she explained the Green Ribbon Champion program that can be provided to residents of Kincardine. It provides one on one beach assessments, educational signage for the property, recommended restoration plans, beach care toolkit, restoration events and materials. Potential restoration activities were investigated at Sunset Drive Public Beach and the Inverhuron Public Beach. Seeking support in principle on Green Ribbon Champion Program and support for the two identified restoration activities.

7. Reports

7.1 Other Areas of Responsibility

a. COVID-19/Declared Emergency

The Chief Administrative Officer provided a verbal update on the COVID-19/Declared Emergency.

CBC reported today that Ontario's latest COVID-19 modelling projects the province's intensive care units to be filled beyond capacity by early February. Also, a new, more contagious variant of the coronavirus may accelerate the spread of infections.

To address these worsening conditions, Premier Doug Ford's cabinet is to meet this evening to decide on further pandemic restrictions. An announcement will be made tomorrow.

Municipal lockdown measures are still in place, which includes working from home for all administrative staff. Recreation facilities are closed, with the exception of the Tiverton Sports Centre which is open for Bright Beginnings child care program. CAO approval has been given for Bright Beginnings to operate emergency school age child care at the Tiverton Sports Centre for the next two weeks. The safety plans for the program have been approved by the Ministry of Education, Grey Bruce Public Health and Bruce County. The internal staff Covid working group will meet tomorrow to reassess lockdown measures and discuss any provincial announcements that may be made and we will review those plans with the ECG on Wednesday.

ECG continues to meet weekly to receive updates from municipal departments and external agencies.

Alternate CEMC Shane Watson has completed a workplace safety plan for all municipal facilities which meets the provincial requirements. The plan sets out how each department, program and facility will comply with public health guidance in each of the colour coded levels within the provincial COVID response framework.

Vaccination Program:

Grey Bruce Health Unit announced that the Ministry of Health has approved the release of two initial shipments of the Pfizer COVID-19 Vaccine to the Grey-Bruce region. The first of these shipments will be arriving the week of January 11, 2021, and the second shipment will be arriving the week of January 25, 2021. In total, the two shipments will contain approximately 1000 doses of vaccine.

As directed by the Ministry of Health, the allocation of this initial quantity of vaccine will be limited, exclusively to residents, staff and essential workers in Long-Term Care, using the provincial Ethical Framework for COVID-19 Vaccine Distribution.

The vaccine plan for Grey and Bruce will continue to follow the provincial Framework, and will ensure those most at risk are first in line to receive the vaccine. Due to the small shipment, not all residents and staff will be able to receive the vaccine immediately, however, as more shipments arrive, this priority population will continue to be first in line.

GBHU has a Proposal before the provincial government for a Pfizer Mass-Immunization Hub Ready to Execute in Grey Bruce. The proposal would provide the Provincial Government with a successful pilot of a Pfizer logistic hub for vaccine delivery in small-urban and rural communities. The proposal outlines the optimal readiness of Grey Bruce due to collaboration among Grey Bruce Health Unit, Grey and Bruce municipalities, three hospital systems and healthcare partners, and community partners including Bruce Power and Chapman's Ice Cream.

As you know, Bruce Power has provided resources for Recovery Centres (field hospitals) including the Davidson Centre in Kincardine, which will be converted to Mass Immunization Hubs by adding an ultra-low temperature vaccine freezer and accessories. The resources for a third hub are on standby for deployment if needed P&H Centre in Hanover. Lower tier municipalities have provided the arenas, and the two Counties have funded part of the project. Bruce Power has committed to deliver two ultra-low temperature vaccine freezers this week, and the necessary human resources with expertise in dealing with storage and management of ultra-low temperature vaccine inventory.

Dr. Arra called for volunteers to participate in the Grey Bruce Vaccination Task Force. The task force will provide support on the implementation of the vaccination campaign in Grey and Bruce Counties

The vaccine campaign will consist of two plans depending upon the type, quantity and timing of the availability of the vaccine.

Committee Membership

The membership will consist of a representative from various sectors, including municipalities.

At the January 6th ECG meeting, the ECG put forward a recommendation to nominate Shane Watson and Mayor Eadie as staff and political representatives on behalf of the Municipality of Kincardine. Dr. Arra has since informed us that our nominations have not been approved because there is limited space. The

County CAO and Warden will act on behalf of municipalities and will keep us informed. Dr. Arra has advised that GBHU staff will work with municipal staff to prepare the Davidson Centre as a mass immunization centre. Shane Watson will be the lead staff member on behalf of the municipality and will be meeting with GBHU staff tomorrow at the facility to do a security survey. We will keep council apprised of any developments.

b. Official Plan Final Adoption, Planning-2021-01

Nick Bogaert and Peirre Chauvin from MHBC and Daniel Kingsbury from Bruce County Planning were in attendance. Mr. Bogaert and Mr. Chauvin provided the updates to the Official Plan since the December 14, 2020 meeting including additional consultations.

The Committee of the Whole discussed that the significant woodland overlay has been removed, Environmental Impact Studies (ESI), the natural heritage designation, mapping flexibility, Inverhuron Settlement area and the Lakeshore area.

Carried.

a. Delegation - Ruth Fenn Phillips

Ruth Fenn Phillips provided a presentation with concerns regarding the natural environment designation, role of Saugeen Valley Conservation Authority, cost of potential amendments, the potential affects on the Zoning By-law and tax base. She requested that there be more public consultation and a review of the Lakeshore Area Section of the Draft Official Plan.

b. Delegation - Marian Hyde and Roy Frater

Marin Hyde and Roy Frater provided a presentation regarding concerns on the Natural Heritage/Significant Woodlands designation and mapping.

c. Delegation - Nancy Michie and Joseph Hentz

Joseph Hentz, and Nancy Michie from 741 Broadway Development Inc. provided a presentation regarding 741 Broadway Street.. Seeking clarity that the intention of D 7.9 is to remove any application of the Natural Environment Area restrictions, policies or conditions from the lands known as 741 Broadway Street. Provided a suggestion on updated wording. Consultants will work to clarify wording.

d. Delegation - Lilly Wu and Paula Bustard

Lilly Wu, representing Smart Centres, provided a presentation supporting the Official Plan Amendments.
