

## RESEARCH & DEVELOPMENT

### Energy Program

2018 December 2

Honorable Catherine McKenna, Minister  
Environment and Climate Change  
107 Catherine Street  
Ottawa, ON K2P 0P4  
Email: [catherine.mckenna@parl.gc.ca](mailto:catherine.mckenna@parl.gc.ca)

Dear Minister McKenna,

As Canada's premier nuclear science and technology (S&T) organization Canadian Nuclear Laboratories (CNL) serves the nation as an enabler of business innovation and technology transfer. And, we foster the development of highly-qualified people for the knowledge economy to come.

CNL is pleased to offer this letter in support of Bruce County and local partners in their initiatives to demonstrate leadership in hydrogen technologies, large-scale energy storage and a move toward transformative change in decarbonizing the economy.

CNL welcomes the opportunity to participate in this important endeavour as we believe their work may offer important solutions in the fight against climate change.

Sincerely,

Gina L. Strati, Ph.D.  
Director, Energy Program  
Canadian Nuclear Laboratories (CNL)
