Good afternoon Amy,

MTO have the following comments regarding the OPA:

In addition to all the applicable municipal requirements, all proposed development locations adjacent to and in the vicinity of a provincial highway or interchange/intersection within the Ministry of Transportation permit control area, under the authority of the Public Transportation and Highway Improvement Act will also be subject to Ministry of Transportation approval. Early consultation with the Ministry of Transportation is encouraged to discuss requirements; including policies, standards and supporting reports.

If there are any questions, please let me know.

Kind Regards,
