Re: Memorandum of Understanding Expiration

The Memorandum of Understanding (MOU) between Bruce County and Nuclear Innovation Institute (NII) is set to expire December 31, 2023. As such, there is no requirement for the County to select a representative to the NII Board of Directors. The County's Board seat will expire alongside the MOU.

NII thanks Bruce County for their support over the past three years and for the County's participation at the Board of Directors table. The County has been a collaborative partner in the NII's mission and mandate.

The team at the NII will continue to engage and inform Bruce County elected officials and staff relating to the clean energy industry, investment attraction and other meaningful events and opportunities.

If you have questions, please contact NII President and CEO, Bruce Wallace.
