

2024 Budget Survey Overview

In September 2023, respondents from all municipalities across Bruce County provided feedback about the 2024 Budget through an online budget survey. While survey results were not representative of the entire community, the feedback did provide valuable insights that informed the 2024 Budget. Bruce County’s new Strategic Plan commits to “Implement public consultation for the County budget to increase satisfaction with the local government’s capital and operating plans, including their alignment with community needs and evidence-based decision-making.” Bruce County will continue to welcome public feedback annually to inform our Bruce County Budget!

Bruce County Council approved the 2024 Capital and Operating Budget in November 2023. Discover more at www.brucecounty.on.ca/budget

Budget Survey Feedback Aligns With 2023-2026 Strategic Plan

At Bruce County, our core strategic values guide all our decisions and actions.

Excellence - Committed to adapting, enhancing, and evolving responsive services for our community.

In relation to our core value of “Excellence”, survey respondents provided the following input:

- Provide efficient, innovative, client-focused service delivery. Build partnerships for efficiencies.
- Ensure adequate funding to provide, enhance, and adapt important Bruce County services.

Welcoming Community - Cultivate a welcoming community of diversity, equity, and inclusion.

In relation to our core value of “Welcoming Community”, survey respondents provided the following input:

- Create innovative and affordable housing options for all incomes, ages, and abilities, so that residents can live, work, and thrive here.
- Support residents, while welcoming tourists.
- The health and well-being of our entire community is important.

Good Governance - Prioritize transparency, accountability, integrity, and respect in all we do.

In relation to our core value of “Good Governance”, survey respondents provided the following input:

- Find cost-savings to limit tax increases.
- Communicate how tax dollars are being spent, how decisions are made, and what our core services are.
- Focus on our strategic priorities.

Environmental Stewardship - Protect, preserve, and celebrate our natural environment.

In relation to our core value of “Environmental Stewardship”, survey respondents provided the following input:

- Maintain and expand trails, bike lanes, and sidewalks to promote outdoor activities, as well as sustainable, safe transportation.
- Protect and expand greenspaces, forests, windbreaks, and environmentally sensitive land.
- Consider climate change in decision-making.

Financial Sustainability - Building financial capacity to sustain our resources.

In relation to our core value of “Financial Sustainability”, survey respondents provided the following input:

- Invest in current and future infrastructure.
- Maintain and/or add important core services.
- Continue long term 5+ year planning and forecasting.
