Municipality of Brockton

RE: C-2024-001, Z-2024-015

The Historic Saugeen Métis (HSM) has reviewed the relevant document for the above Zoning By-Law Amendment and County of Bruce Official Plan Amendment. HSM demonstrates concerns regarding the high archaeological potential identified on site, proximity of the proposed dwelling to the provincially significant Greenock Swamp wetland complex, and potential karst topography identified by the arch assessment.

It is the recommendation of the HSM that if the proposed dwelling is allowed, to have an increased distance from the swamp, as the dwelling and associated construction/development activities have high potential to threaten valuable and unique ecosystems in the swamp area.

Thank you for the opportunity to review this matter.

Warm Regards,

Georgia Lumley
