

NOTICE OF MOTION

Moved by:

Councillor Janice Jackson

Date:

August 1, 2019

That Council directs staff to cancel the demolition of the Southampton Rectory;

And further that staff immediately notify our legal team and take the appropriate action to notify the party to the suit that the action filed against the County to prevent the demolition is no longer required and should thus be settled by withdrawal without costs;

And therefore Council maintains the Krug bequest has been legally utilized;

And further that considering the Nuclear Innovation Institute will no longer be constructed on the Rectory lands, the plans and appropriate budget to accommodate archives be revisited.

And further that this request be referred to the next Executive Committee meeting.
